

Become a Sponsor

The Outback Gondwana Foundation Board is dedicated to acknowledging the generosity of their sponsors by offering a range of benefits and opportunities, including tax deductibility status for donations to the Foundation.

Some benefits will be automatically available, depending on the sponsorship category.

Outback Gondwana Foundation is prepared to negotiate with larger sponsors to create a tailored package that will provide additional opportunities. Some available benefits may include:

- Contribution to the cultural, educational and economic outcomes of the region;
- Receiving public acknowledgement;
- Raising awareness of your organisation's positive contribution to the region;
- Sponsor logos displayed in publications and website.

Bronze	\$1000 - \$9,999
Supporter	\$100 - \$999
Donation	Under \$100

Gifts may be staged over 2 to 5 years.

Sponsorship can be dedicated towards an elected project or go towards the excavation, preparation and administration costs of achieving the Foundation's goals. Outback Gondwana's major projects are:

Establishing and running a Research Field Station. This will be a nationally and internationally accredited collection facility, situated west of Eromanga. It will facilitate the collection, preparation, storage, research and limited display of fossils and natural history items, currently being discovered and collected in the South-west Queensland region.

Preparator's wage. Securing funds to cover the costs of preserving the palaeontological discoveries of the region.

Establishing a Natural History Museum. The successful completion of this project will ensure that Queensland's South-west can store, conserve and display its' natural and cultural history record. This will provide a lasting legacy for future generations.

Your gift is important. Please consider the options available for corporate or personal sponsorship.

Contact the Outback Gondwana Foundation office to discuss the individual details of your contributions: www.ogf.org.au or email info@ogf.org.au
